

Complete Care in Massachusetts

We have two locations in Massachusetts: Banyan Massachusetts, and Clearbrook Massachusetts. With their close proximity, we are able to provide a full continuum of care for our patients struggling with substance use disorder. We also offer treatment for mental health disorders at the inpatient level of care located in Baldwinville, MA.

We understand the hardships our patients and their families go through from substance use, mental health, and/or co-occurring disorders which is why it is invaluable to us to continue providing quality care to all struggling in the Massachusetts area.

Our Locations

The Banyan Treatment Centers Family believes that every patient is unique. We offer individualized custom treatment programs that are tailored to fit every need. We truly care about our clients and believe in an approach that is effective, but also realistic in producing intrinsic motivation for change. This is the only way to ensure a sustained recovery.
